Make Cash Even More Competitive

- 51 bn € costs/year in Western Europe
- Savings potential > 20%

Sources: McKinsey Global Payment Map, European Payment Council, Studies from central banks in Belgium and Netherlands, Wincor Nixdorf analysis

How to Realize Savings Potentials?

- Automation
- Standardization
- Cooperation

Tomorrows Cash Center : Higher Grade of Automation

Areas of Cash Center Automation

Receiving and Shipping

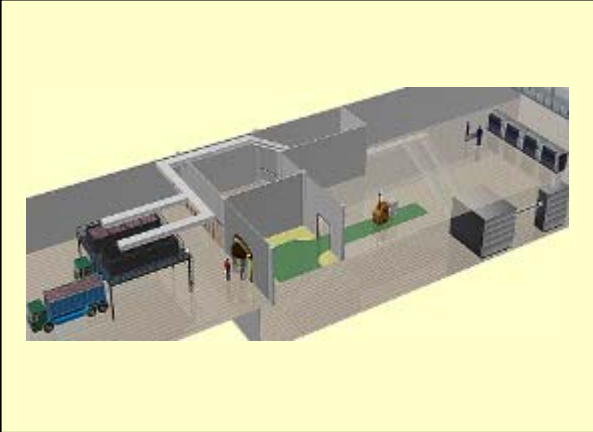

(Pre-)Processing

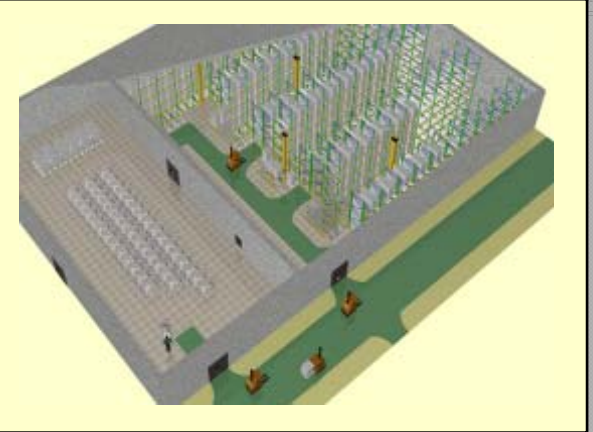

(Post-)Processing

Destruction

Warehouse

Material Handling

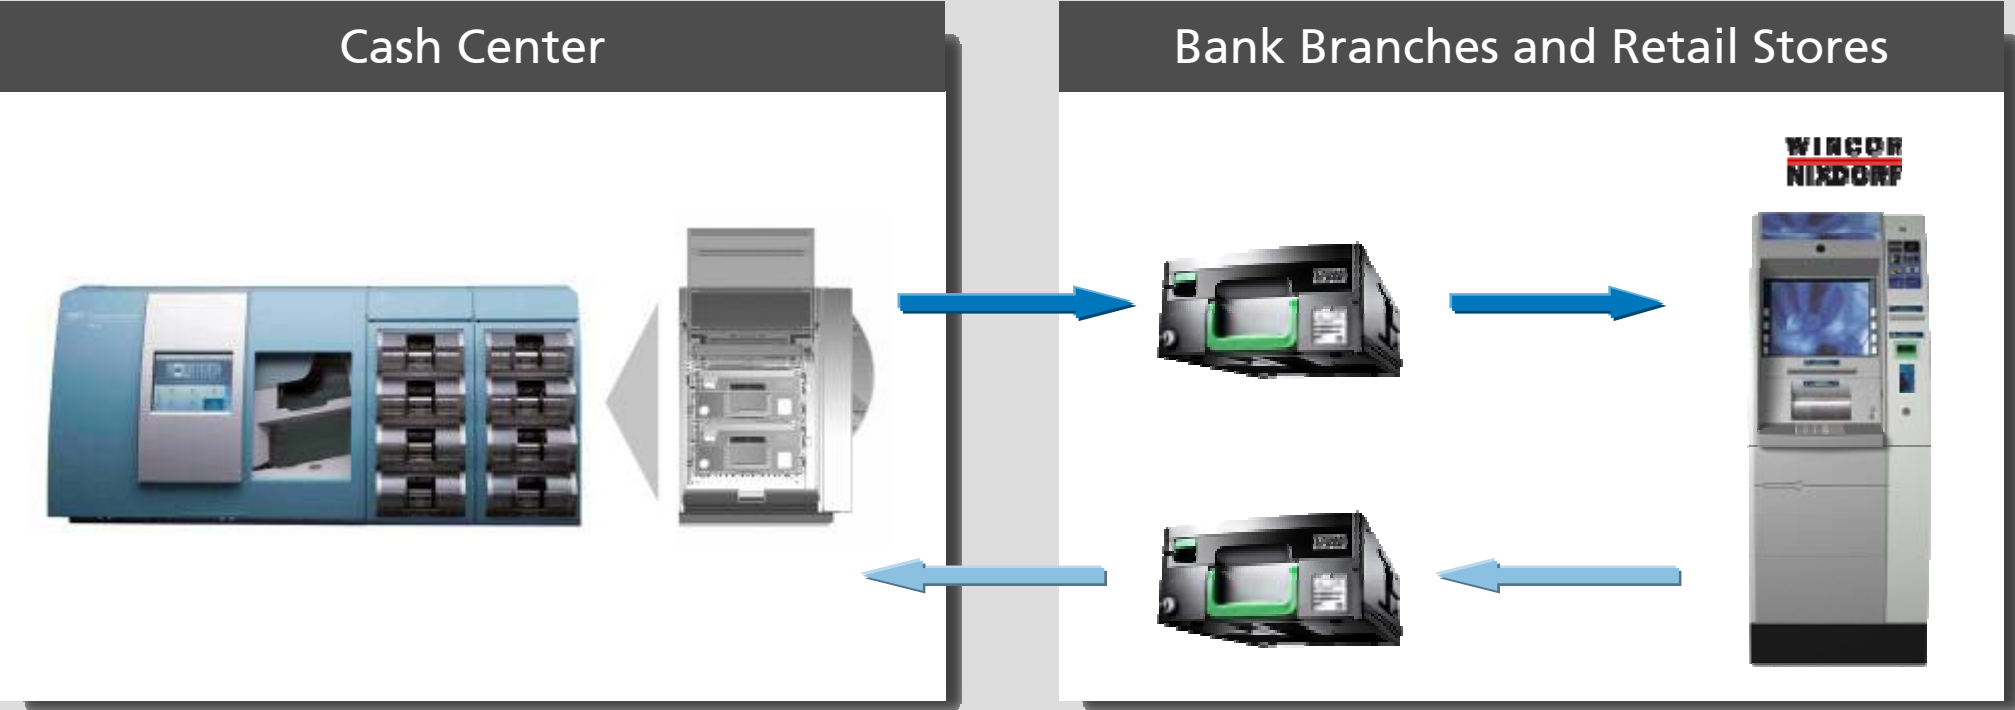

CI Tech Components

Joint Forces for Cash Cycle Optimization

- Standardized sensors for consistent banknote authentication
- Standardized cash-in/cash-out modules for ATMs and recycling machines

Higher Efficiency by Cassette Standardization

Automatic cassette filling with the BPS C4 Autoload option

CINEO technology from Wincor Nixdorf with bi-directional, audit-proof cassette

Let's cooperate for
ultimate cash efficiencies.
