DUBLIN, IRELAND | 15 - 17 MAY 2022

**ESTA BUSINESS CONFERENCE,
EXHIBITION AND
GENERAL ASSEMBLY**

ESTA
The Cash Management Companies Association

Welcome

Cash is Clean!

In 2022, we will be returning to the place we had envisaged when life seemed to have stopped due to COVID and we will be meeting in Dublin for our annual Conference. I will be delighted to welcome you to our 37th ESTA

Conference, resuming with the normal period of May. As you all, I hope that these bad times will be forever behind us and that life, professional as private, will recover some form of normality.

Last year in October in Seville, the very successful ESTA conference was the first cash conference to gather physically after almost two years of virtual, online events. The success as well as the appetite for real life meetings, was testified by nearly 200 delegates joining us, and a sold-out exhibition. Pace of registrations for Dublin in May 2022 is showing that this appetite is still strong.

As always, we are particularly grateful to the delegates having registered and to the sponsors

and exhibitors who are continuously supporting our conference and have helped us going through these difficult times.

The programme we have put together is a first for a cash conference to address the very sensitive – not to say taboo! – issue of money laundering and cash. We will be debating the issue with a very impressive panel of experts in their field and assess the place of cash and non-cash in money laundering processes. A second panel will look at the future of cash in retail, after the sharp reduction of cash payments nudged by some e-payment operators on the ground of fallacious fears of contamination by cash.

I hope you will fully enjoy the conference in Dublin and I am very much looking forward to meeting you all on May 15th.

Patrik Högberg

Speakers

We would like to express our sincere thanks to all our guest speakers and ESTA members who participate in the different sessions. We are grateful for their generous time and contribution to our event and appreciate that their combined efforts and valuable knowledge are what make the success of this 2022 ESTA Conference in Dublin.

Olivier Strube – Principal Banknote Issuance Expert, ECB Directorate Banknotes. Mr Strube has been working at the Directorate Banknotes of the European Central Bank since 2001. He has mainly been responsible for Eurosystem-internal tasks, foremost for the annual determination of the national

central banks' banknote requirements and the calculation of the banknote production volumes and their distribution. From 1996 until 2001 Mr Strube has held different positions at the Deutsche Bundesbank. He has a degree in business administration.

Stavroula Christodoulaki – Policy Officer at the 'Euro protection and euro cash' unit of the European Commission (DG ECFIN) dealing with formulating and monitoring policies and legislation in relation to euro cash matters.

Nicolas Koutros is the Deputy General Director of the François-Charles Oberthur Group (FCO) and Managing Director of the Bioguard & Co. He graduated in Electrical Engineering from the École Polytechnique Fédérale de Lausanne. He later graduated from INSEAD with a Master's in Business Administration.

He started his career in 1984, as a Project Manager of CIBA-CEIGY. In 1990, he joined SICPA (Switzerland) to become Plant Director, before moving to France in 1997 to join the FCOF group, as Divisional Director of Oberthur Fiduciaire. Since joining the FCOF group, his purpose has been to place the company at the forefront of innovation in the security printing industry. After leading the OF division until the end of 2020, Mr Koutros is currently in charge of developing the Oberthur Solutions division which offers innovative solutions for digital services and secure documents. In 2021, he was appointed Managing Director of the Bioguard & Co, a newly created company with the objective of deploying Bioguard™ technology beyond fiduciary printing. Bioguard™ technology is a solution which can be used in any industry to protect products, surfaces, packaging and paper offering customized solutions.

Diederik Bruggink works at the European Savings and Retail Banking Group and at the World Savings and Retail Banking Institute, where he is responsible for all payments topics worldwide. In that role, he analyses the multiple dimensions of the payments market, proposing and assisting in

agreeing the members' positions with respect to their payments businesses. He also advocates the associations' positions on payments with policymakers, regulators, standardisation bodies and industry associations, enabling a constant member dialogue on developments, with a particular focus on innovation. He was co-chair of the European Retail Payment Board working group on access to and acceptance of cash.

Thierry de la Bretèche is Deputy Director of the Cash Department at Banque de France for now 5 years. This department is in charge of banknotes and coins circulation over the country (exclusive of oversea territories). Starting in 1982 at Banque de France, he accumulated a strong experience

before his current position mainly as a project manager including in modernizing the cash management IT system from 2013 to 2017.

Frédéric Pierucci, is a former Senior Executive of Alstom with extensive international experience, having lived and worked in China, the USA, Algeria, the UK, Switzerland, Singapore and France during his 22-year career with the company.

In mid-2013, then the head of the global Alstom Boiler Business in Singapore, he was arrested by the FBI while disembarking at New York's JFK airport during a business trip to the United States, he was arrested for having allegedly participated in acts of corruption to secure a \$60 million contract for Alstom in Indonesia in 2003. He spent several months in high security prisons in the US and was ultimately released on a \$1.5 million bail package. During these months, he engaged in an in-depth study of the US Foreign Corrupt Practices Act (FCPA) and how it was applied by the US Department of Justice and the Securities & Exchange Commission (DOJ/SEC) to companies and individuals.

Having experienced the consequences of anti-corruption laws first-hand, as a former director of ALSTOM and as a defendant in anti-corruption proceedings, he has used his unique experience in the matter to advise businesses and their leaders on enforcement issues of the FCPA

and similar laws, as well as on the procedures to be put in place to guard against them. He founded IKARIAN in 2015, a compliance consultancy, dealing with the US FCPA, the UK Bribery Act, the French “Sapin 2” Law and other anti-corruption laws and standards.

About ESTA

The **European Security Transport Association – ESTA** - is a non-profit association which was established in Brussels in 1975.

We represent the interests of the sector throughout Europe and count 90% of the European cash management industry as members.

Our main objective is to define and promote our members' joint positions on European policy, in order to improve the quality of the industry.

ESTA's Vision

ESTA is the European association of Cash Management Companies. Our vision is to be the recognized voice of the industry ensuring that cash is safe, reliable, available and an efficient means of payment.

The key assets of cash are: ■ Availability | ■ Reliability | ■ Efficiency | ■ Safety

Joint efforts to innovate on these key elements will enable a cash-friendly society.

Cash is efficient, cash is solid, cash is reliable, cash is less expensive. Cash means fiscal revenue to our governments, and in uncertain times, cash is a safe haven.

Website

Members have their own dedicated area for restricted documents such as ESTA's engagement material, letters and presentations as well as some working groups' documents.

Presentations and photos from this year's conference will be accessible from the members' only part where you will also find the archive of past events.

Exhibition 2022

The Exhibition will be held in the **Pavilion Lounge, in the Mezzanine level and Carlisle West Suite** adjacent to the conference hall. It opens at 08.00 and is accessible throughout the conference. All coffee breaks and lunches are served inside the exhibition halls.
